

THOMAS J. MILES AWARD APPLICATION

GAMMA IOTA SIGMA

The Thomas J. Miles Award was created in 2007 to honor the contributions to Gamma Iota Sigma of Tom Miles, professor emeritus of Central Michigan University and longtime advisor of the Nu Chapter. Dr. Miles helped to establish the first Gamma Iota Sigma chapter comprised solely of actuarial science students, and he was instrumental in developing ways in which Gamma Iota Sigma can better serve the interests of actuarial science students.

Dr. Miles consistently provided the leadership and teamwork needed to further the mission of Gamma Iota Sigma. His integrity and caring for his students has set an example for all to follow.

In recognition of Dr. Miles' career, the Miles Award has been established to recognize the one individual member of Gamma Iota Sigma that best represents the qualities of scholarship, leadership, character, and service exemplified by Dr. Miles. The recipient shall be an actuarial science student, and the award shall be presented only when a qualified candidate exists.

Any member of the Grand Chapter or local chapters may nominate a collegiate member of Gamma Iota Sigma for this award. The nomination and supporting documentation must be submitted **no later than June 1** via regular mail or email. Criteria that will be considered in determining whether a nominated member is deserving of the Miles Award include (but are not limited to) the following:

- Academic record
- Actuarial exam success
- Internship experience
- Demonstrated desire to attain actuarial credentials and enter the actuarial profession
- Demonstrated leadership at the local chapter level
- Activity and demonstrated leadership in inter-fraternity events
- Attendance and participation in at least one Gamma Iota Sigma Annual Management Conference
- Recognition received from industry or collegiate organizations other than Gamma Iota Sigma

I. APPLICATION INFORMATION

Name of Nominee:

Chapter:

Date of Original GIS Application:

Graduation Date:

Cumulative GPA:

Major GPA:

**THOMAS J. MILES AWARD APPLICATION
GAMMA IOTA SIGMA**
